

Magisto: how to create a video in 3 clicks

Francesco Tarantino – IFOM Director

Teachertrainings.eu
Training courses for education staff

Magisto

- Magically transform your videos and photos into an exciting and engaging video
- It allows you to create a video in a snap
- It allows you to choose videos and photos, the style of your video and the soundtrack
- You can use it both on mobile devices and desktop
- Free version: 10 photos, 10 videos, 1.15m

Activity

- Create a video with Magisto

Magisto: how to use it in class

- To attract the attention of the students, energize them or wake them up
- To introduce a subject
- Embedded in other tools (e-learning website, kahoot, ...)
- To challenge students to create their own video with Magisto as assignment
